- (3) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (4) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (5) include an undertaking to pay all Expenses and an authority to the Clearing Agent to deduct an amount in respect thereof from any Cash Amount due to such Holder and/or to debit a specified account with the Clearing Agent in respect thereof and to pay such Expenses;
- (6) certify that neither the person exercising the Security nor any person on whose behalf the Security is being exercised is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (i) an individual who is a resident or a citizen of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (vii) any other “**U.S. person**” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (7) authorise the production of such notice in any applicable administrative or legal proceedings.
- (e) Verification. In respect of each Exercise Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (f) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each duly exercised Security to the account specified in the relevant Exercise Notice for value on the Settlement Date.
- (g) Determinations. Failure properly to complete and deliver an Exercise Notice may result in such notice being treated as null and void. Any determination as to whether an Exercise Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Exercise Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Exercise Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which the Exercise Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3(a) shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that an Exercise Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (h) Delivery of an Exercise Notice. Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Holder to exercise the Securities specified and no Exercise Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of an Exercise

Notice, the Securities which are the subject of such notice may not be transferred.

- (i) Expenses. All Expenses in respect of each Security shall be for the account of the relevant Holder and no payment of any Cash Amount in respect of a Security shall be made until all Expenses in respect thereof have been paid to the satisfaction of the Issuer.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” shall mean: the occurrence or existence on any Trading Day during the one-half hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the relevant exchange or otherwise), (A) on an Exchange in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives

contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1) or (2) below.
- (1) If the Index is: (A) not calculated and announced by the Index sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change of failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange).

- (3) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.

1. GENERAL DESCRIPTION OF THE INDEX

The Russian Depository Index is a modified capitalisation-weighted index. The index is comprised of the 7 most liquid depository receipts on Russian shares that are traded on the Frankfurt Stock Exchange. The index was developed with a base value of 1000 on 8 October 1997.

2. CALCULATION OF THE INDEX

2.1 *Calculation Period and publication of the RDX*

The RDX is calculated and disseminated in real-time (updates every five seconds) between 9:00 and 17:00 CET.

The RDX is calculated on each trading day in depository receipts on the Frankfurt Stock Exchange, regardless of trading in the underlying stocks' local market.

The opening value for the RDX is calculated using the first available price of an index depository receipt on a trading day.

The closing value of the RDX is calculated on the basis of the last available price of an index depository receipt on a trading day at 17:00. Prices transmitted after that time shall not be used for the index calculation.

2.2 *Type of Price Data Used*

The price source for index calculation are last traded prices of the index depository receipts on the Frankfurt Stock Exchange as received by Wiener Borse via Reuters.

If there is no price feed, the price source for index calculation are the last prices received by Wiener Borse.

If a depository receipt is temporarily suspended from trading, the last price of an index depository receipt received by Wiener Borse is used for the index calculation.

If no new price of an index depository receipt is established or received by Wiener Borse in the course of the trading day, the last transmitted and received price of an index depository receipt is used for the index calculation.

2.3 *Index Movements*

New index values are triggered by new prices of index depository receipts (index updates every five seconds).

2.4 *Exchange holidays and index calculation*

The RDX is calculated on every trading day in depository receipts on the Frankfurt Stock Exchange

In the case of an Exchange holiday in Austria and an open market on the Frankfurt Stock Exchange
